The new Audi TT RS

Pricing and Specification Guide

Valid from July 2010

Personalising your Audi TT RS

This guide has been designed to help you tailor and price your Audi TT RS quickly and logically. At the back, you will also find information on CO_2 emissions-based vehicle excise duty and other services offered by Audi, including Finance and Insurance. Alternatively, you can go to audi.co.uk and configure your Audi TT RS online.

Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar.

From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The Audi TT RS combines high performance and iconic design

The Audi TT RS has a turbocharged 2.5-litre TFSI® engine that produces 340PS and 450 Nm of torque – making it the most powerful TT we've ever produced. Lowered suspension and special spring/damper settings provide outstanding handling, and advanced aerodynamics ensure precise stability at all times. A high-performance chassis and quattro® all-wheel-drive complete this exhilarating sports car.

TT RS
D HH

Efficiency

At Audi, doing less is something we're trying to do more of. We're working to use less fuel, release less CO_2 and waste less energy. It's why we've incorporated a number of more efficient technologies into the Audi TT RS.

Aerodynamics

When it comes to efficiency, a car's shape matters. It's something we kept in mind when we created the TT RS, giving it a smooth, flowing design. As a result, its drag coefficient – a measure of aerodynamic resistance, which affects both fuel consumption and CO_2 emissions – remains surprisingly low.

TFSI®

Inside the engine of the Audi TT RS you'll find the same advanced fuel-injection technology that's driven us to win after win at Le Mans. With TFSI®, fuel is injected directly into the engine's chambers so that combustion is timed right down to the millisecond. As a result, waste is minimised and you get the most from every last drop of fuel.

Images are for illustrative purposes only

Audi Space Frame®

The TT RS features an aluminium Audi Space Frame® which is rigid, strong and incredibly light – keeping the car's weight down to a minimum. It means that as well as improving safety and agility, it also helps reduce fuel consumption.

Engine

2.5 TFSI® engine

The five-cylinder engine combines a turbocharger with FSI® direct petrol injection, confirming the status of the Audi TT RS as a high-performance sports car. The 2.5-litre TFSI® engine is ultra-compact. Just 49 centimetres in length, and weighing 183 kilograms, it's perfectly suited for transverse installation in the Audi TT RS. The crankcase is made of vermicular-graphite cast iron and this high-tech material is both strong and lightweight. Perfectly placed reinforcements enhance the block's loading, while the cylinder head, pistons, and connecting rods are also lightweight yet extremely strong.

Images are for illustrative purposes only

Transmission and brakes

The Audi TT RS offers a fast-shifting manual transmission for smooth, efficient acceleration and a high-performance braking system to ensure this car stops as well as it goes.

Short-shift manual transmission

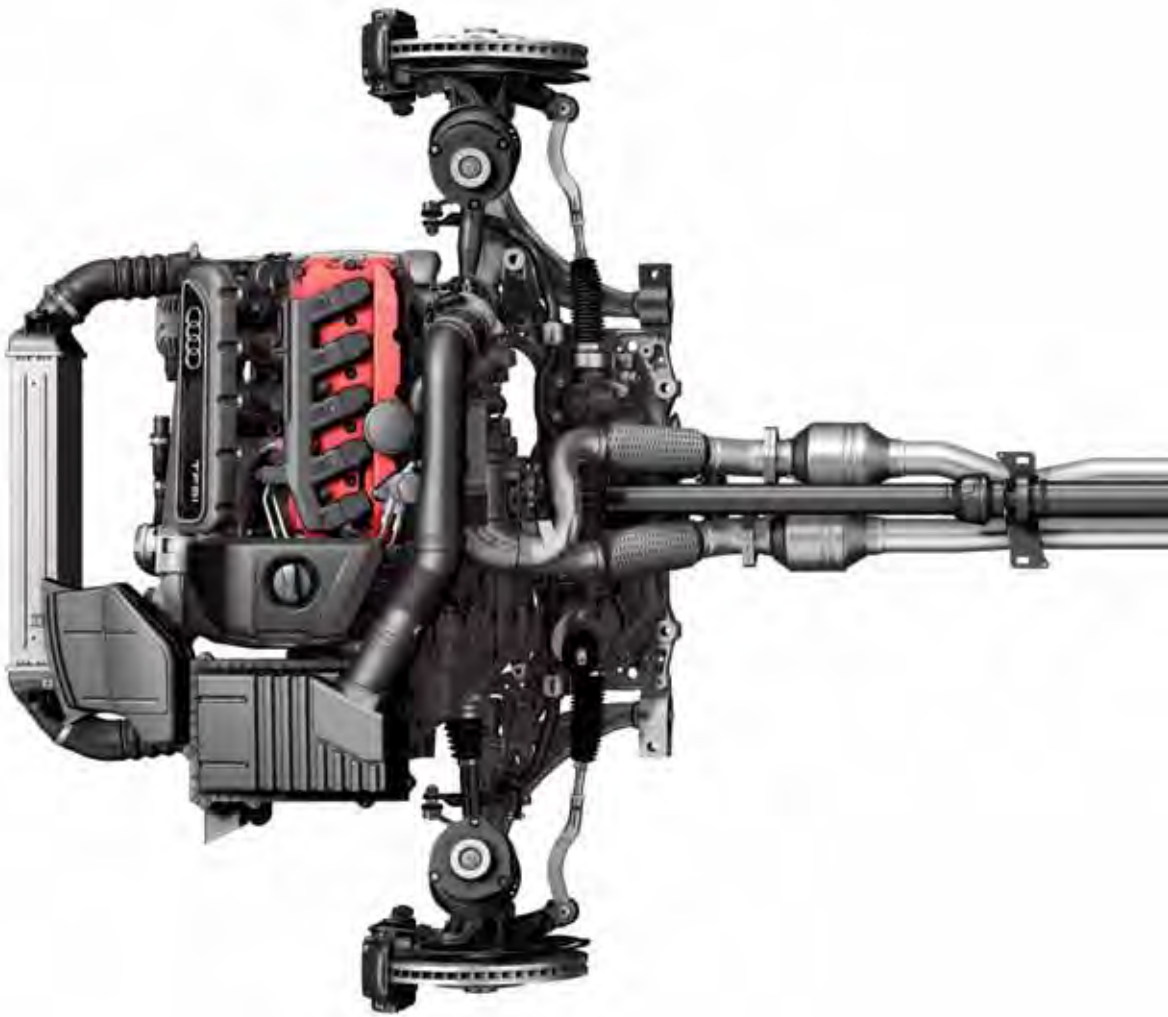
For fast, crisp gear changes in a sporty, manual set-up, the Audi TT RS comes with short-shift manual transmission as standard. This simple yet effective gear-change pattern means that the gearstick has a shorter distance to travel between each shift-gate, minimising the effort you have to make with each up or down-shift, whilst maximising your driving enjoyment.

High-performance braking system

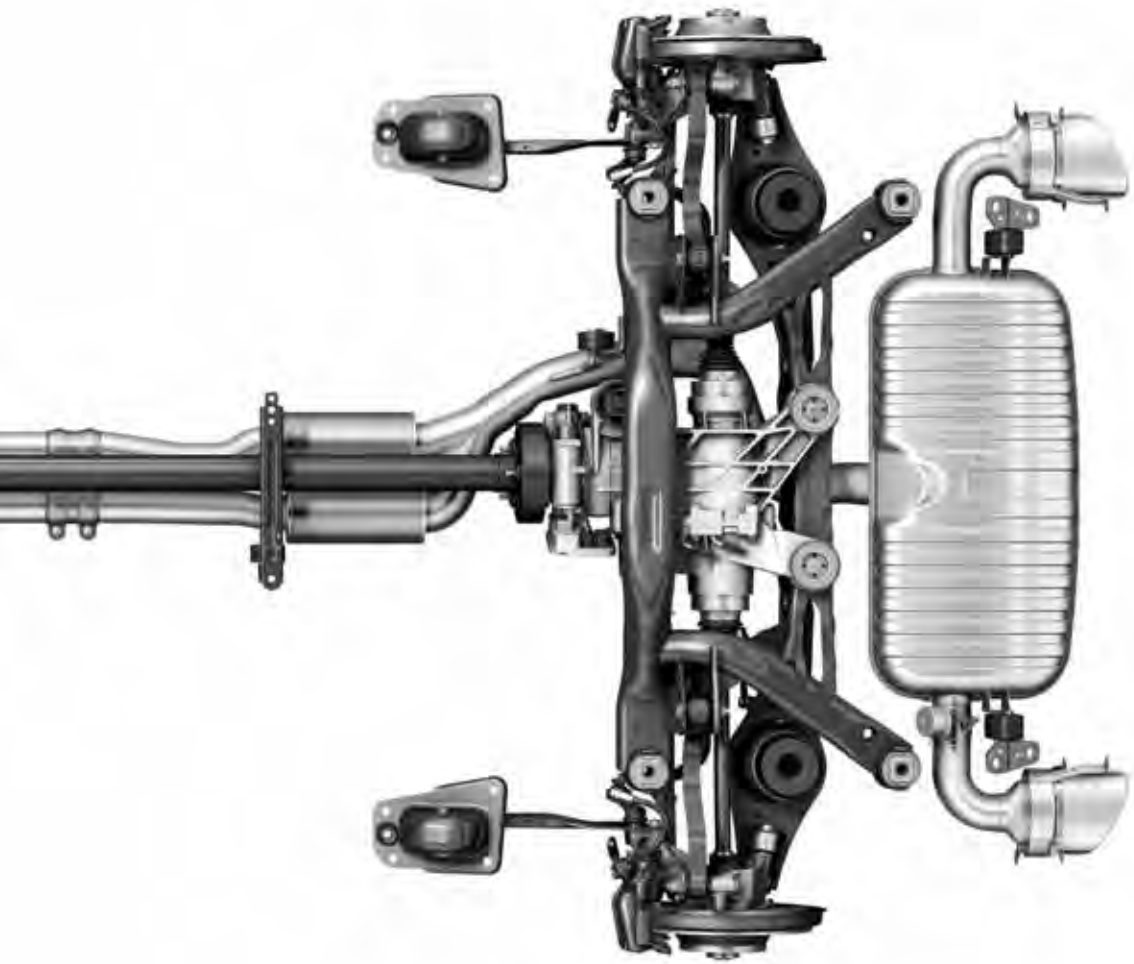
We created the 18-inch high-performance braking system in the Audi TT RS with safety and control in mind. It features four-piston brake callipers painted in black with the RS logo on the front axle, as well as ventilated brake discs (370mm in diameter) at the front, drilled and designed using composite materials. All these features help the system to provide good stability even when the car's carrying a heavy load.

quattro®

It's the technology that has given Audi the edge on the rally circuit ever since it was first introduced 30 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the Audi TT RS so thrilling to drive. It's called quattro® all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe.



Images are for illustrative purposes only



In the Audi TT RS, asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles, depending on weather conditions, road surface and gradient. This leads to greater flexibility and an enhanced, sportier drive.

Standard model equipment

All TT RS models have the following items of standard equipment

Wheels, tyres and suspension

18” ‘5-double-spoke’ design alloy wheels

TT RS Sports suspension with dynamically tuned spring/damper combination and modified responsiveness

Tyre Mobility System

Seats

Front Sports seats in Silk Nappa leather with contrasting stitching

Heated seats

Driver and front passenger manual seat height adjustment

Audio and communication

Concert radio. AM/FM twin tuner with TP memo function. Single front-loading CD player with MP3 compatibility. Active front and rear speakers. Includes AUX-IN socket

Safety and security

TT RS 18” high-performance braking system: diagonally split, anti-lock (ABS) with electronic brake-force distribution (EBS), hydraulic brake assist, adapted brake booster characteristics, front brake discs in composite design, ventilated rear discs, black painted brake callipers (ventilated and drilled), with RS logo on front callipers

Anti-lock Braking System (ABS)

Anti-Slip Regulation (ASR) – traction control

Anti-theft device – Thatcham Category 1 approved

Driver and front passenger airbags

Electronic Differential Lock (EDL) – traction control

Electronic Stability Programme (ESP) – with Sport mode

First-aid kit

Front ISOFIX and front passenger airbag deactivation switch

Locking wheel bolts

Roll-over protection bars (Roadster only)

Servotronic – electromechanical, speed-sensitive, power-assisted steering

Side airbags for front seats

Tool kit and car jack

Warning triangle

Exterior equipment

Door mirrors – electrically operated and heated

Electric front windows

Fixed rear spoiler

Grille in high-gloss black diamond design with one-piece decorative trim frame in matt aluminium look

Matt aluminium-look door mirror housings

Rear fog lights

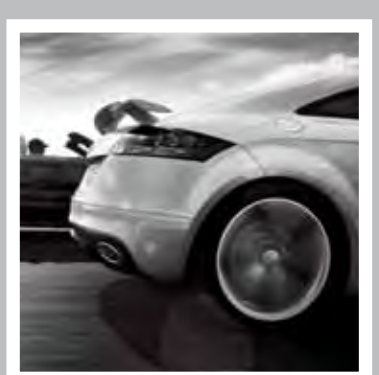
Scuff plates with TT RS logo

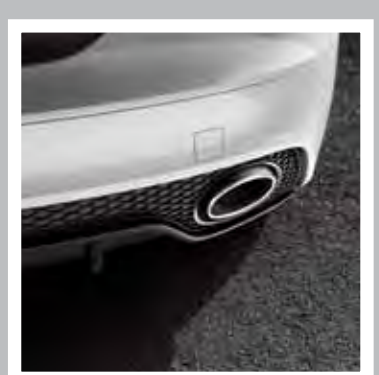
Sill extensions

TT RS front and rear bumpers

Twin oval exhaust tailpipes

Xenon Plus headlights with LED daytime-running lights and headlight washer system





Interior equipment

Matt-brushed aluminium interior detailing

Door armrest, instrument panel cover and side of centre console in Black Fine Nappa leather with contrasting Silver stitching

Black perforated leather handbrake grip

Black perforated leather and aluminium gear lever with TT RS logo

Driver's Information System (DIS) with additional functionality: oil pressure, lap timer and turbo boost pressure

Electronic climate control

Extended leather package – black with silver stitching

Front floor mats with leather Silver piping to match seat centres

Fully automatic electrically-operated soft-top which opens in 12 seconds, with integrated wind deflector (Roadster only)

Instrument dials in grey with white illumination and TT RS logo

Short-shift manual transmission

TT RS 3-spoke perforated leather 'flat-bottomed' multi-function steering wheel with TT RS badge

Sport button in the centre console – pressing the button alters the throttle response and exhaust valve control, which in turn alters the exhaust note, as well as changing the damper characteristics of Audi magnetic ride (if ordered) for more dynamic suspension tuning

Split-folding rear seat (Coupé only)

TT RS Coupé

Engines	Power	Transmission	Basic RRP	TOTAL RRP inc VAT	Recommended OTR
2.5 TFSI quattro	340PS	6-speed manual	£37,097.87	£43,590.00	£44,775.00

TT RS Roadster

Engines	Power	Transmission	Basic RRP	TOTAL RRP inc VAT	Recommended OTR
2.5 TFSI quattro	340PS	6-speed manual	£38,748.94	£45,530.00	£46,715.00

Please note: The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

Recommended On-The-Road (OTR) retail prices include: delivery charge, half a tank of fuel, number plates at £580.00 (inc. VAT), Road Fund Licence (which may vary depending on model/transmission – see page 41 for details) and first registration fee at £55.00.

RRP – Recommended Retail Price. VAT is calculated at 17.5% but this may alter to reflect any change in the applicable VAT rate.

Audi exclusive

Audi exclusive

Every Audi is intrinsically exclusive. It's the breathtaking design, the exceptional engineering, the Vorsprung durch Technik. But for that special touch you can specify your new Audi TT RS with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour or seats in a combination of complementary shades, Audi exclusive will enable you to drive the car you've always imagined.

Both the exclusive and standard options can be found on the following pages.

Paint and hood colours

You can select one of the standard colours shown opposite or, for a different look, choose from the range of optional finishes.

A choice of two hood colours is available for the TT RS Roadster, enabling you to complement or contrast your chosen paint colour.

Options are subject to availability and may extend delivery.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Visit your local Audi Centre for a more accurate colour swatch.

RRP – Recommended Retail Price.

VAT is calculated at 17.5% but this may alter to reflect any change in the applicable VAT rate.

Standard colour

Upholstery

Audi exclusive

With Audi exclusive, you can specify your seats in Fine Nappa leather, in an array of different colours shown to the right.

Select just one all-over shade for each seat, or customise each panel in two or more complementary colours from the distinctive Audi exclusive palette. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, we think you'll be extremely comfortable with the result.

*Electronically limited. Please see page 28 for option to increase limit.

[1]The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

[2]The given values were calculated in accordance with the specified measurement procedure (the respective current version of Directive 80/1268/EEC). This information does not relate to a single vehicle and does not comprise part of the offer but is merely intended for the purpose of comparison between the different vehicle types.

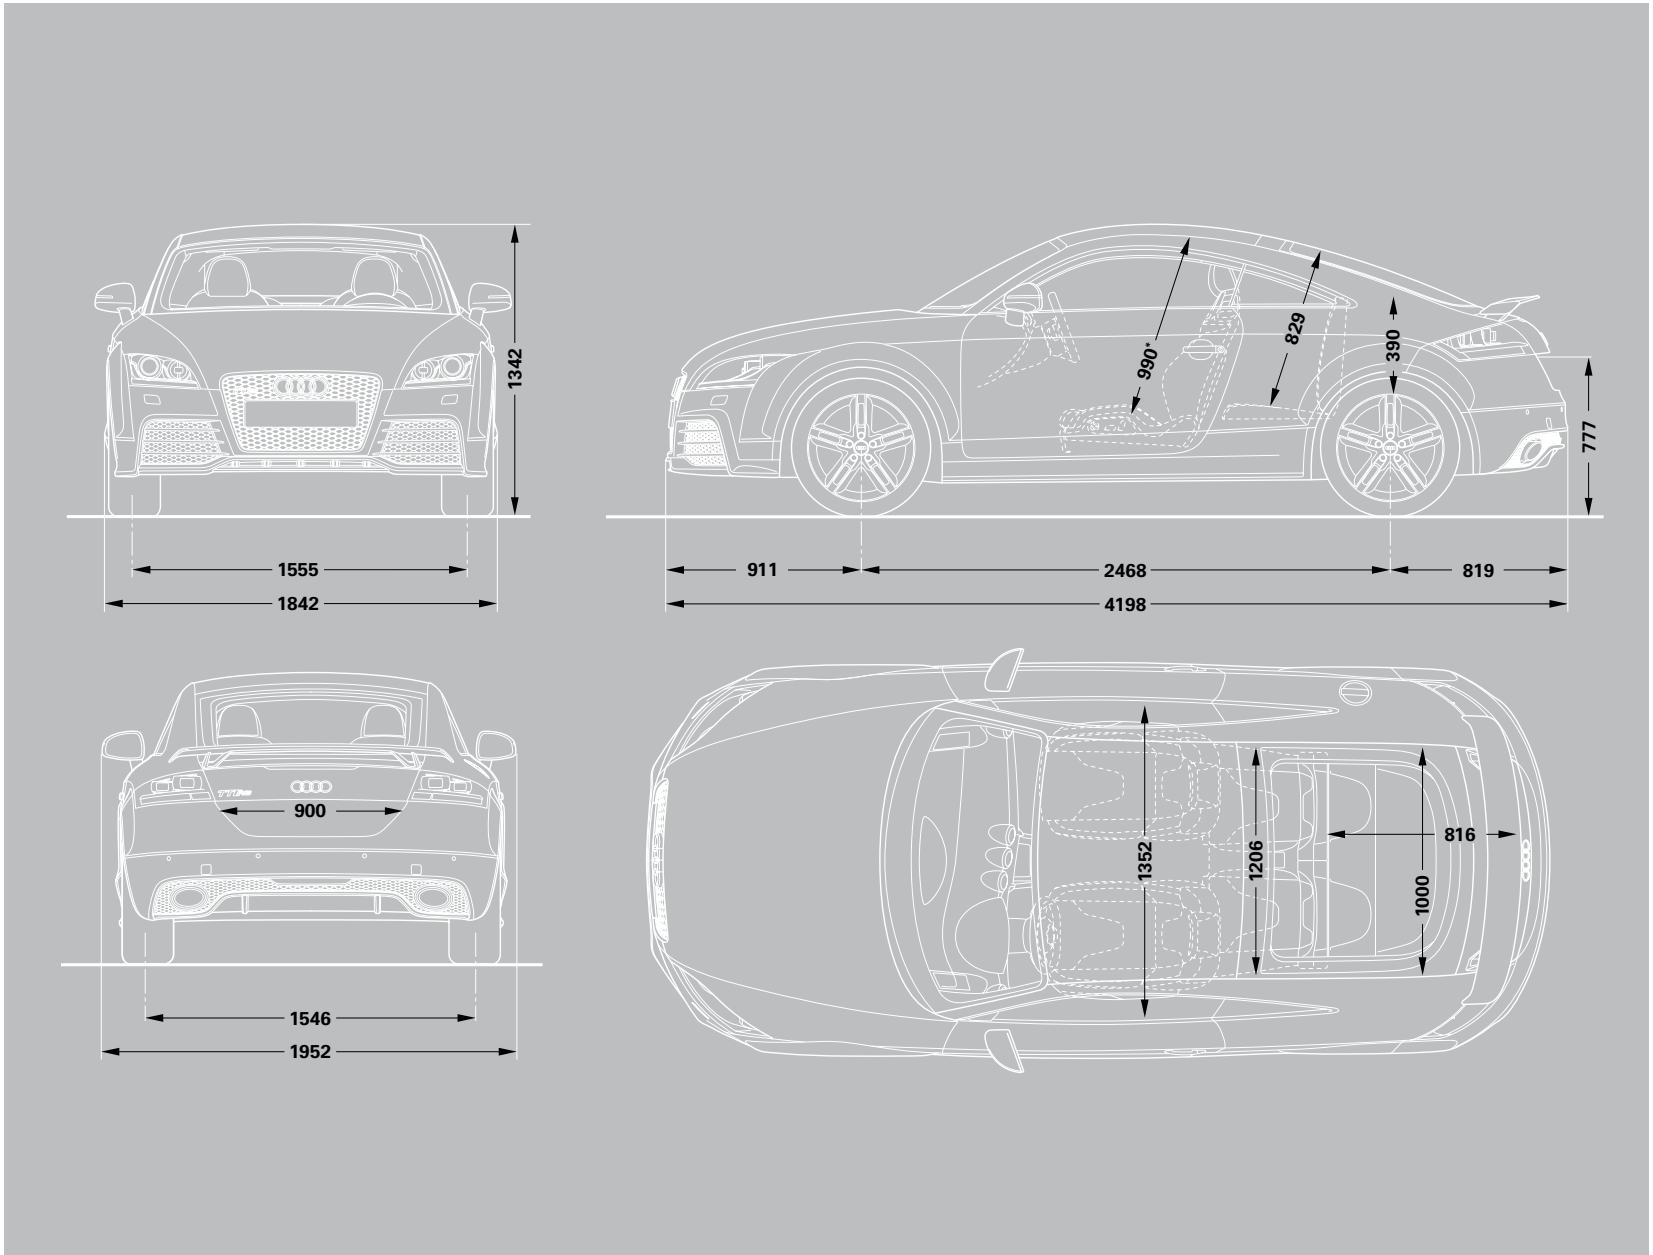
[3]Regulated.

[4]Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

Please note: The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

TT RS Coupé dimensions

The technical drawings opposite show the exact dimensions of the TT RS Coupé, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.



Dimensions were measured with vehicle at unladen weight.

Turning circle approx 10.7m.

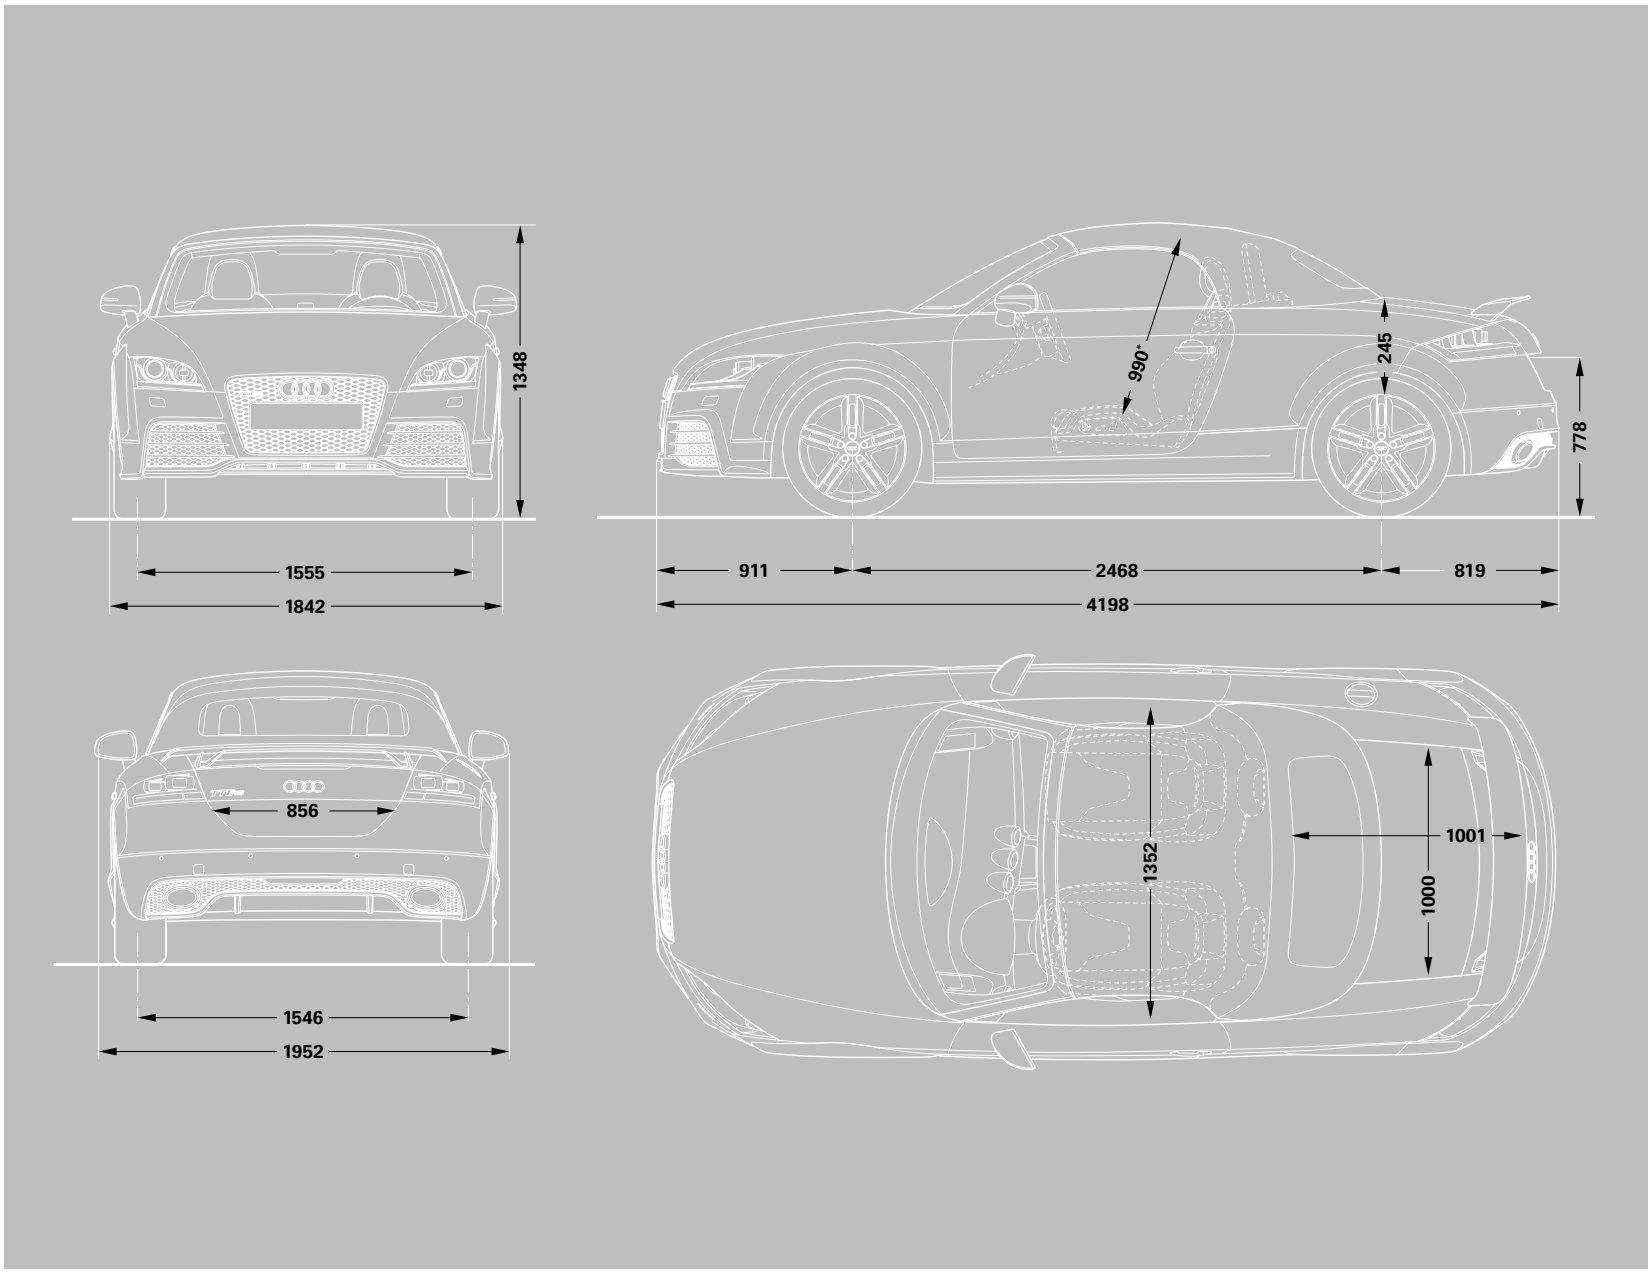
Dimensions in millimetres.

*Maximum headroom.

Roof load limit/nose weight 75kg.

TT RS Roadster dimensions

Look at the technical drawings opposite to see the exact dimensions of the TT RS Roadster, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.



Dimensions were measured with vehicle at unladen weight.

Turning circle approx 10.7m.

Dimensions in millimetres.

*Maximum headroom.

Roof load limit/nose weight 75kg.

Additional information

CO_2 data and information

CO_2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO_2) a vehicle emits, measured in grams per kilometre (g/km). The DVLA has created thirteen categories:

Petrol and Diesel engines	
A – up to 100g/km	£0.00
B – 101 to 110g/km	£0.00
C – 111 to 120g/km	£0.00
D – 121 to 130g/km	£0.00
E – 131 to 140g/km	£110.00
F – 141 to 150g/km	£125.00
G – 151 to 165g/km	£155.00
H – 166 to 175g/km	£250.00
I – 176 to 185g/km	£300.00
J – 186 to 200g/km	£425.00
K – 201 to 225g/km	£550.00
L – 226 to 255g/km	£750.00
M – over 255g/km	£950.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service schedule has fixed intervals for the Oil-change and Inspection Service that are based on time and distance, whichever comes first. With the Audi LongLife Service schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving
	Service Intervals:
Oil-change Service	Fixed to every 9,000† miles/1 year
Inspection Service	Fixed to every 19,000† miles/2 years

Variable LongLife Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000† miles/2 years
Inspection Service	Fixed to every 19,000† miles/2 years

†As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we wanted to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres, which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all of our Centres will be open as follows;

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or place of work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

The experts in Vorsprung durch Technik

Would you entrust your Audi to anyone who hasn't been regularly trained to Audi standards? Our network of Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All of our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle. What's more, we have so much expertise and experience in looking after Audi vehicles that we are able to make a note of your mileage and the state of your vehicle as and when we see it and predict when certain key events may occur.
As part of our commitment to you, we will notify you in plenty of time so you can make an appointment with us.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even collect and deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car, or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

Would you put a part into your Audi that wasn't the same quality as the factory fitted original? You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.** We stock a wide variety of parts, so we are well covered. However, if we don't have a part in stock at our Centre we have the back-up of parts at other Audi Centres, at our national warehouse and our factory and can usually source the relevant part very quickly.

We don't like surprises either

We believe strongly in transparency and there will be no hidden costs. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

The Audi Stamp

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value of your car. Only the Audi Stamp will prove your approved Audi service history.

Getting better every time

Audi continually gather feedback from our highly trained Technicians and our customers to ensure our vehicles are running as they should. If necessary, we use this feedback to make improvements (in the form of software updates) to help maintain the durability, performance, efficiency and safety you would expect from our cars. These updates will also ensure certain retrofitted products are correctly installed and function correctly (tow bar fitting changes the torque characteristics of your engine, for example). We ensure these are loaded onto your vehicle each and every time it's in our workshop.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner

*Subject to availability.

**Excludes wear and tear.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 17.5% but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the vehicle price.

Delivery charge	£473.62
Number plate	£20.00
VAT	£86.38
Total	£580.00

Audi Roadside Assistance

Your new car comes complete with 3 years' complimentary roadside assistance and recovery across the UK provided by RAC Motoring Services. Also included is roadside assistance throughout Europe, managed by RAC Motoring Services.

For further information and terms and conditions please visit audi.co.uk

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- A 3-year paint warranty
- A 12-year anti-corrosion warranty
- 3 years' UK roadside assistance and recovery

This package, together with Audi variable service intervals, offers a combination unmatched by any other major manufacturer.

When you order your new car you can also choose to extend your Audi warranty to the lesser of: 4 years/75,000 miles or 5 years/90,000 miles. With full Audi warranty cover for up to 5 years, you'll be protected against unexpected repairs and should you sell your Audi before the warranty has expired it is fully transferable to subsequent owners.

Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is the full range of finance products.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
